SCDOT Traffic Control Devices Manuals, Handbook, and Information

This manual is the guideline for SCDOT's policies and procedures on installing and maintaining signs, markings, and signals in South Carolina. The Iowa DOT does not provide flagger training for non-Iowa DOT personnel nor does it identify outside flagger training services. The 2016 edition of the Flaggers Handbook is available online at the link below.

SCDOT Traffic Control Devices Manuals, Handbook, and Information

The Iowa DOT specifications regarding flaggers include the following.

Construction And Materials > Traffic Safety > flagger_training

The MUTCD may be viewed online at the PDF 1.

SCDOT Traffic Control Devices Manuals, Handbook, and Information

FLAGGER TRAINING INFORMATION The Iowa Department of Transportation specifications require contractors to ensure flaggers are trained in accordance with the following specifications.

SCDOT Traffic Control Devices Manuals, Handbook, and Information

The is available online, however, a printed copy should be issued to the flagger. . Set up this lighting in such a manner to minimize glare to motorists.

Construction And Materials > Traffic Safety > flagger_training

A bound, laminated copy of this document can be purchased from the Transportation Technology Transfer Service T3S.

SCDOT Traffic Control Devices Manuals, Handbook, and Information

On May 1, 2011, SCDOT adopted the federal Manual of Uniform Traffic Control Devices MUTCD for this purpose. This information is intended to illustrate the principles of proper work zone traffic control, but is not standard.
