Bookplates

There was also a standard edition, both books commercially printed and published by Gresham Books. One drawing by Graham Williams. She was sculpted in white marble by and painted by , both of which are in the Tate.

Engravings by Leo Wyatt: Nine wood engravings of various aphorisms printed in white on different colored backgrounds, in the original blue portfolio with the artist's wood

Indeed, sometimes a bookplate was used by succeeding generations within a family, rather than by one individual owner. The standard edition text with an additional text by Graham Williams, Printing the Engravings, and an additional fourteen wood engravings printed from the original wood blocks on Basingwerk Parchment, three engravings printed in single colours.
